RE: D & N Trucking ats EPA

Dear Dave:

Enclosed please find copies of the November 15, 1976 and December 20, 1976 orders of the Board in respect to the landfill site. It would appear that the three-year period for the monitoring program has lapsed. I have contacted Kenneth Beechly on January 29, 1980 and informed him that we are ceasing to do any well testing, but would provide any information that should have been provided during the three-year period.

Also, I informed him that you had finished grading the site and requested that he come out as soon as possible for an inspection after coordinating with you when it appeared that there had been some melting of the snow covering on the site.

If you have any questions concerning anything contained herein, please feel free to contact me at any time.

Respectfully,

REID, OCHSENSCHLAGER, MURPHY AND HUPP
